

Festive Frolicks

Being included on the Scottish Athletics (and other) websites meant that this year's Festive Frolicks attracted the biggest ever field in the history of the event. With over 100 starters in the 7 or 14km handicaps, and 31 in the 1km Cockleroy Chaser, there were some moments of mad panic with last minute registrations, not to mention some epic parking as the car park overflowed.

The various excuses to try and beat the handicapper largely landed on deaf ears, although some 'unknowns' will find it much tougher if they come back next year! As ever, loads of thanks are due to individuals who stood at draughty corners keeping runners on the right route or helped record results, to Douglas and Lachy for helping rebuild the path at the base of Cockleroy, to Martin for marking part of the course and organising the Cockleroy Chaser, and to John and Suse for their hospitality. There was a great atmosphere and I know that quite a few 'unattached' runners went away with a great impression of Lothian RC.

Next year's event will probably be on Boxing Day again.
